- **Master of Divinity**

This program is designed to teach advanced theological studies for those who wish to engage in ministry as an ordained minister. The aim of this program is to begin a process of education focusing on understanding the christian faith and its implications for human life. We believe all courses in the curriculum should contribute to this aim through theological education and spiritual training.

This program is a professional program which will equip graduates with the comprehensive graduate education necessary for becoming an ordained minister. Graduates who completed successfully are expected to attain a professional knowledge and skill in preaching, teaching, church administration, worship, and counseling as an ordained minister and also as missionaries to lead the spiritual guidance for the life of human being.

Dissertation	(6)

● **Doctor of Christian Word Mission**

The purpose of the Doctor of Christian Mission program is to provide a more advanced understanding of the Christian Mission arena for further graduate study or for general educational purposes. The program may serve a variety of aims, preparation for some forms of teaching, the scholarly enhancement of missional practice, or disciplined reflection on a specialized function in christian mission field.

The Doctor of Christian Mission program is designed to equip students to enhance people and partnerships that will advance the missions enterprise to a higher level of scholarship, spirituality, and service through the critical reflection of disciplines with church history, theology, and missions strategies. A terminal degree in the field of missions is a capstone of accomplishment for the missionary who has dedicated his/her life to service on the mission field.
